Kick-Off Meeting: September 16, 2017

For more information please contact Rhonda Johnson, Chair at embodi@nacacdst.org

This program promotes collaborative efforts to improve the quality of life for African American males, ages 13-17 in middle to high school. The program brings a comprehensive approach aimed at developing overall potential. EMBODI will address three levels of risk factors: individual, family and community.

Symbolically, EMBODI will empower young African American males to immerse themselves in African and African American culture and to see themselves as persons of great worth who can take their places with lives of meaning and accomplishment.
